To whom it may concern,

My name is Tom Parks, Program Director and morning drive personality for AM 1330 WESR and FM 105.7 Coastal County on the Eastern Shore of Virginia.

I am writing to you about Mitch Kirkpatrick, country singer songwriter. I met Mitch in 2017 at a local nightclub when he was here performing. I was impressed with his music and obtained a copy of his first CD. I proceeded to play his music on the air and got a good response, especially the song B.Y.O.P. From then on he started sending me music to debut.

I've been in music for over 60 years in one way or the other. The songs he writes are from the heart to which people can easily relate.

Mitch's song writing has improved exponentially and has real depth. I told him that he was going places several years ago and I still feel that way. It's an honor to be able to release his songs on the radio where people can listen to and relate to their lives.

Sincerely,

A handwritten signature in blue ink that reads "Tom Parks". The signature is written in a cursive, flowing style.
